DEMARCATIION OF THE RENTED SURFACE

Decorative accessories exceeding the height of the stand (2m50) are not allowed (for example: banners higher than 2m50). Exhibits may not extend beyond the carpeted area. Rugs or carpets may only be placed within the rented area.

LIGHTING

Lighting levels in the halls will be lower than in 2019. The new stand set-up will allow rented areas to be lit as part of a general atmosphere that still be cosy. If you would like extra lighting, additional spotlights are available. Please try to make your requests as soon as you can so that set-up can take place with a minimum of fuss and we can respond to your requirements in the best possible way.

STAND STRUCTURE

Stand walls, décor and name boards are the property of Mathys SA and must be returned in their original condition. The use of drawing pins, nails or adhesive tape on the walls is not permitted. Exhibitors are also asked not to hang items from the structures as they are designed to support only limited weight. If you need to hang items, please contact us and we will try to come up with a solution (a special structure, for example) that meets your needs. Exhibitors will be billed for any damage to the stands.

STORAGE

Spaces behind the stands may be allocated, depending on availability and demand. Depending on space available, the Organisers reserve the right to offer this extra space to several exhibitors within a single sector; exhibitors interested in this option will be informed personally of the space available.

ELECTRICITY

The basic package does not include electricity, which means that the power required to operate electrical appliances and devices such as coffee machines, computers, LED display cabinets and sewing machines must be ordered in advance. Please stipulate the wattage you require in the Application to Exhibit form.

Exhibitors from outside Switzerland: please bring adaptors for the main sockets.

FURNITURE AND ACCESSORIES

There are several other furnishing options. If you have any particular requests, or wish to receive the catalogue and price list, please contact us.

INSURANCE

In accordance with Article 14 of the Regulations, if you would like to arrange insurance for transportation and display, our partner Palexpo can offer short-term cover. Please contact us directly to discuss this.

DISTRIBUTION OF STAND EQUIPMENT AND DOCUMENTATION

Certain sponsors (in particular Rolex and UBS) benefit from exclusivity rights on site during the CHI Geneva. The same conditions apply to certain publications. Please consult Article 10 of the Regulations for further details. Other exclusive rights will be communicated as necessary.
